

Bruciatori per bioetanolo

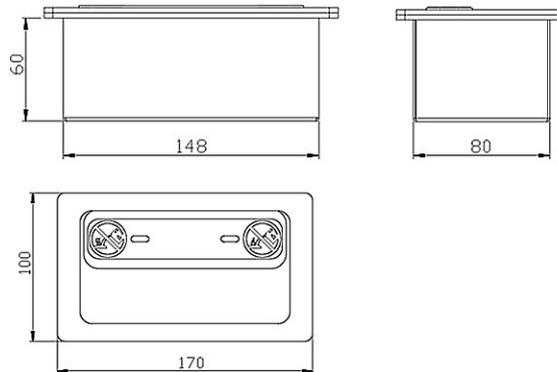

Vantaggi dei bruciatori **BioKamino** :

- acciaio inox indeformabile ad alta temperatura
- tamponamento con lana ceramica per alte temperature
- lana ceramica ecologica certificata
- geometria interna antidefonazione
- regolazione della fiamma
- spegnimento immediato della fiamma

BioKamino burners advantages:

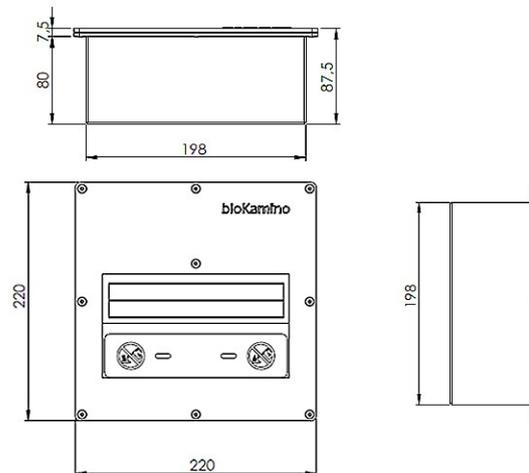

- *crushproof stainless steel burners*
- *suitable insulation from high temperature with ceramic wool*
- *certificated ecological ceramic wool*
- *internal geometries to prevent fires*
- *adjustable flame*
- *immediate flame's turn off*
